

# 6 WAYS TO REDUCE YOUR IMPACT

Does your business want to switch to sustainable packaging? Improve recycling rates? Or simply find a solution to all those takeaway coffee cups? Planet Ark has a range of environmentally responsible business solutions through our programs and trusted partners that you can explore today.

## 1 RECYCLING

- Find recycling information on our [Business Recycling](#) website
- Contact our partner [Bingo Industries](#) to discuss recycling solutions
- Recycle your printer cartridges through our free [Cartridges 4 Planet Ark](#) program

## 2 COFFEE CUPS

- If you must use disposable cups, choose ones that can be collected and recycled like the Planet Ark endorsed [RecycleMe™](#) coffee cup recycling system.

## 3 PAPER

- Choose [Planet Ark 100% Recycled, Carbon Neutral office paper](#).
- Go BPA-free for your thermal paper till rolls with [Alliance Paper](#).
- Choose safer, recyclable options for food products like [Rollo Wrap](#).
- Switch to recycled toilet paper such as Planet Ark endorsed [Naturale](#).

## 4 ENERGY

- Speak to the renewable energy experts at [Planet Ark Power](#) to reduce your energy bills and your environmental impact at the same time.

## 5 BUILDING & CONSTRUCTION

- Find out why you should choose sustainably sourced wood via our [Make It Wood](#) website.
- Our partner [Bingo Industries](#) specialise in Construction and Demolition recycling.

## 6 PACKAGING

- Adopt the PREP and [Australasian Recycling Label](#) to design your packaging for recyclability
- We endorse the [Planet Protector Woolcool](#) product range: environmentally responsible insulated packaging as an alternative to EPS.
