

Make Recycling at Work Easy...

The **BusinessRecycling.com.au** website and hotline make recycling at work easy.

Specifically designed for Australian businesses you'll find national and local re-use and recycling options for cardboard, food scraps, plastics, packaging, construction waste, electronics and more.

The site contains information and resources to help implement effective recycling initiatives in the workplace as well as the contact and service details for recyclers and support services.

The site is FREE for businesses to use.

Visit BusinessRecycling.com.au or call the Hotline 1300 763 768*.

Planet Ark is working with Foundation Partner the NSW Environment Protection Authority to help businesses drive down waste, increase re-use and recycling and improve resource recovery.

* Hotline: 9am – 5pm Monday – Friday EST.
